***Pet food sales & a new tip for itchy dogs***

## **THE WONDERS OF APPLE CIDER VINEGAR**

**APPLE CIDER VINEGAR:** Just about everyone has this in their home. Apple cider vinegar has many useful ways you can use it on your pet. This product provides an aid in curing things from hotspots to poor appetite. It provides a rich natural source of potassium, phosphorus, sodium, calcium, iron and minerals.

**1\* APPETITE:** One tablespoon in the food two times a day for a 50 lb dog. Cats that are finicky eaters, a few drops on their front paws will help. As they lick it off, they will ingest the vinegar.

**2\* ITCHY SKIN OR HOTSPOTS:** Put the Vinegar in a spray bottle, part the hair & spray it on. Eruptions of the skin will dry up in 24 hrs. For skin that is already broken, dilute the vinegar, 1/2 & 1/ with water.

**3\* APPLE CIDER VINEGAR** can help with upper respiratory infections and watery discharge from the eyes. A tablespoon in the food should be all that is needed.

**4\* EARS, FLEAS, TICKS, RING WORM, FUNGUS, MANGE.** By rinsing your dog or cat off with the vinegar after his bath & let drip dry, or spray on before going out where there are fleas & ticks.

**5\* ACV** is known to get your pets pH in balance in his digestive track.

For more detailed info on this and other treatments for your pets go to
